## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on 12 May 2005 was filed after the mailing date of the first Office action on the merits on 10 January 2005. The submission is in compliance with the provisions of 37 CFR 1.97(c). Accordingly, the information disclosure statement is being considered by the examiner. Specifically, the Examiner notes that the fee required under 37 CFR 1.17(p) has been charged to Applicants' Deposit Account.

### ***Response to Amendment***

### ***Drawings***

2. The drawings were received on 15 August 2005. These drawings are acceptable.

### ***Response to Arguments***

3. Applicant's arguments, see page 7, line 12 to page 8, line 22, filed 1 July 2005, with respect to the 35 USC 103 rejections of claim 1 have been fully considered and are

persuasive. The 35 USC 103 rejections of claim 1 have been withdrawn. Specifically, the Examiner agrees with Applicants that the cited prior art does not teach or suggest the system of claim 1 wherein a flow generating device and a filter are in a fluid pathway between an intake end and a return end, and wherein the flow generating device and the filter are generally immediately adjacent to a surgical site when the system is in use and wherein the flow generating device generates a flow through the system of approximately 0.2 to approximately 4.5 liters per minute. Furthermore, the 35 USC 103 rejections of claims 2-17 have been withdrawn since the claims depend either directly or indirectly from claim 1.

***Allowable Subject Matter***

4. Claims 1-17 are allowed.

***Conclusion***
